

Technical Bulletin

August 05, 2008

To: Whirlpool Distribution

Subject: Product: Hard Start Kits

Models: W2C318A-2B through W2C336A-2B and W2C342A-2A through W2C360A-2A

The R-22 model AC condensing units listed above are now being manufactured with reciprocating compressors and may require a Hart Start Kit if the system is installed with one or more of the following circumstances applying to the installation.

TX Valve has been installed on the evaporator
Vertical refrigerant lines exceeding 20 feet
Start up during mild (low) ambient conditions

The current Installation and Operating Manuals will be updated to reflect this information.

Current Hard Start Kits are listed below.

Part Number	Unit Model
12W19 (20442712)	W2C318A – W2C336A
12W20 (20442713)	W2C342A – W2C360A
