Warrantor: Goodman Manufacturing Company, L.P., Houston, TX
Products are available under the following names: Whirlpool®, Whirlpool Gold®

GENERAL WARRANTY

Covered units are warranted to be free from defects in materials and workmanship under normal use and maintenance, as described below:

- To the original registered owner and his or her spouse (“owner”), the Heat Exchanger is warranted for the owner’s lifetime or for so long as the owner owns the home in which the unit was originally installed (whichever ends first), and all remaining parts are warranted for a period of 10 years, except as provided below. These warranties apply only if the following conditions are met:
 1. The unit is installed in an owner-occupied, single family residence; and
- 2. The unit must be properly registered online within 60 days after the original installation. To register, go to www.hvacregistration.com/whirlpool and enter the data required on the form, and then click “Next.” Follow the instructions as you complete the form. Failure by California and Quebec residents to complete the product registration form does not diminish their warranty rights.
- If the above warranties do not apply, then the Heat Exchanger is warranted for a period of 20 years, and all remaining parts are warranted for a period of 5 years.

LIMITED WARRANTY

- Neither warranty continues after the unit is removed from the location where it was originally installed.
- Neither warranty applies to, and no warranty is offered on, any unit ordered over the Internet, telephone or other electronic means unless the dealer selling the unit over the Internet, by telephone or other electronic means is also the installing contractor for the unit.

WARRANTY BEGINS

Regardless of time of registration, the warranty period begins on the date of the original installation. If that date cannot be verified, the warranty period begins 3 months after the month of manufacture (indicated by the first 4 digits of the serial number [yyymm]).
